European Capital of Culture 2016. Programme

What lies ahead of us after eight years of preparation is 400 projects, 1,000 cultural events, 8 curators setting the programme in various fields of culture, and thousands of people who dedicate time. And all of this to best promote the European Capital of Culture 2016, i.e. Wrocław. The first rendition of the ECC programme for the coming months has just been presented at the Stadium.
